*Fourth Sunday of Lent ~ March 19, 2023*

*From Fr. Liguori,*

During Lent we can we struggle to see how fasting, or self-denial in general, contributes to spiritual growth. Here, then, are four ways in which self-denial can spiritually benefit us: protect us from bad behaviors, probe our hearts to see whether things are functioning properly in them, point our minds to what matters most and practice virtuous acts. If we find that our practices of self-denial are not helping in any of these ways, we might consider making some adjustments so that we can make the most of this holy season
