The reality of the abortion pill

Not all women who take the abortion pill see their baby's body, but abortion is an act that intentionally ends human life in the womb. Every pregnancy involves two lives — two bodies — even in the earliest stages. The U.S. Food and Drug Administration first approved mifepristone, which is paired with another drug called misoprostol, for earlier abortions in 2000. Permitted for use through 10 weeks of gestation, the abortion pill goes by many names including chemical abortion, medication abortion or telemedicine abortion. Today, this type of abortion is responsible for nearly two-thirds of all clinician-provided abortions in the U.S., according to the Guttmacher Institute. The abortion pill's two-step process begins when a woman swallows Mifepristone. This drug blocks a hormone called progesterone. After 24 to 48 hours have passed, the woman takes a second drug, misoprostol, by inserting pills in her cheeks. While the Supreme Court orders it can still be delivered by mail, the abortion pill is not safe. The decision to take it or avoid it determines whether a baby lives.

June: The Month of the Sacred Heart

June is the Church's annual invitation to enter the **Heart of Christ**—the place where divine love becomes human, where mercy becomes visible, and where every Christian finds rest, healing, and mission.

The Feast of the Sacred Heart always falls in June (Friday after Corpus Christi).

Over time, the entire month became a prolonged contemplation of: Christ's burning love for humanity, reparation for sins and indifference, the call to imitate His Heart Pope Leo XIII consecrated the whole world to the Sacred Heart in 1899, calling it the "greatest act of my pontificate."

The Sacred Heart is not a sentimental symbol. It is: The human heart of Christ, united to His divine Person; the source of the sacraments, especially the Eucharist; the fountain of mercy, opened on the Cross; the center of the Church, the Mystical Body; he model of priestly and pastoral charity. For a priest, the Sacred Heart is the blueprint of ministry. Christ's Heart is: Patient, humble, wounded yet still giving, always seeking the lost.

U.S. Bishops to Consecrate the Nation to the Sacred Heart of Jesus

The U.S. Conference of Catholic Bishops (USCCB) has approved a historic decision to consecrate the United States of America to the Sacred Heart of Jesus on June 11, 2026, coinciding with the nation's 250th anniversary of the signing of the Declaration of Independence . This will be the first formal consecration of the United States to the Sacred Heart of Jesus. While the U.S. has been consecrated to Mary (Immaculate Conception) multiple times, devotion to the Sacred Heart is a distinct and growing focus in Catholic life, symbolizing both human and divine love .

Sacred Heart film premiere: The French docudrama *Sacré Coeur* ("His Reign Will Have No End"), marking the 350th anniversary of the apparitions to St. Margaret Mary Alacoque, will premiere in U.S. theaters June 9–14, 2026, coinciding with the consecration .

The June 11, 2026 consecration is both a spiritual and symbolic act, uniting the U.S. Catholic Church with the Sacred Heart devotion to mark a major national milestone, while inviting Catholics nationwide to deepen their faith and service through prayer, adoration, and acts of mercy.

Next weekend: Annual Missionary Appeal

Franciscan Works is a US-based Catholic non-profit that provides financial and operational support to Liberia Mission, a community of love, learning, and prayer for poor, orphaned, and abandoned youth in Liberia, West Africa. Liberia Mission provides a holistic Catholic education, a loving home on the Mission, and life skills training opportunities for vulnerable youth.

Located in West Africa, Liberia suffers from intergenerational poverty, poor healthcare, and lack of infrastructure, much of which stems from two brutal civil wars and a deadly Ebola outbreak.

Working together, Franciscan Works and Liberia Mission empower young Liberians to break the cycle of poverty and become faithful, self-reliant, and compassionate leaders who contribute to the transformation of their communities and country.

**The Most Holy Body and Blood of Christ
 Corpus Christi - June 7, 2026**

“Because there is one bread, we who are many are one body, for we all partake of the one bread.” 1 Corinthians 10:17

The U.S. Conference of Catholic Bishops teaches us that the Eucharistic celebration should lead to works of charity and mutual help. The heart of stewardship is this “Eucharistic stewardship.”
